

East Prescott Road Nursery School

Nappy Changing Procedure

Aims:

- To prevent of cross infection
- To ensure best practice in relation to hygiene

Procedure:

- Put on appropriate PPE- gloves, apron and face mask.
- Ensure that the child being changed can use the baby wipes nursery have provided, if not then use their own wipes or alternatively use water and cotton wool
- Have roll, a clean nappy, baby wipes/cotton wool and nappy bag to hand
- Support child to climb up the steps onto clean changing table
- Remove wet/ soiled nappy and place inside the nappy bag
- Use baby wipes (or parents preferred method e.g cotton wool and water) to thoroughly clean child, placing used wipes inside the nappy bag
- Nappy cream will be applied if parents/carers have completed medication permission sheet. Sudocrem to be applied if child is sore.
- Seal nappy bag and place in the nappy bin
- Put the clean nappy on the child
- Support child to climb down steps from changing mat
- **Follow any advice contained in the child's Intimidate Care Policy**
- Deliver the child back to their classroom safely.
- Clean the changing mat with roll and antibacterial spray
- Wash your own hands and dry thoroughly
